

ANDREY «PARSIFAL» KURANOV

Bali, Indonesia · main@parsifal.dev · https://t.me/parsifal_dev · <https://github.com/Parsifal>

EDUCATION

Pskov State University

Bachelor of Science Information Systems and Technologies *GPA: 4/5*

Pskov, Russia

August 2019 - June 2023

EXPERIENCE

01.tech

Node.js Backend Developer

Remote

September 2022 - Present

Dom.rf

JavaScript Fullstack Developer

Moscow, Russia

September 2022 - September 2023

Kotelov

JavaScript Fullstack Developer

Saint Petersburg, Russia

August 2021 - September 2022

Ice Steam Rus

Node.js Backend Developer

Pskov, Russia

June 2020 - July 2021

Civilization VI Hub (pet project)

Node.js Backend Developer

Pskov, Russia

January 2019 - August 2021

SKILLS

Programming Languages: JavaScript, TypeScript

Backend Technologies: Docker, DynamoDB, Express, Grafana, GraphQL, Jest, Kubernetes, MariaDB, Microservices,

Frontend Technologies: CSS, HTML, JQuery, React, Redux, Webpack

Soft:: Communication, Problem-solving, Adaptability

PROJECTS

01.tech *DynamoDB, Grafana, Kubernetes, MariaDB, Microservices, Node.js, Redis, TypeScript*
NDA

In Dom.rf *CSS, Express, HTML, JavaScript, JQuery, Node.js, PostgreSQL, React, Redux, Webpack*

<https://xn--80az8a.xn--d1aqf.xn--p1ai/>

The system is designed to automate the work of organizations that are developers, regulatory authorities and other participants in the construction of residential buildings with the involvement of citizens' funds within the requirements of Law 214-FZ and other regulatory acts of the Russian Federation.

In Kotelov for Gazprombank *Docker, JavaScript, Jest, NestJS, Node.js, PostgreSQL, TypeScript*

<https://www.gazprombank.ru/>

Gazprombank Leasing web application for optimization of work.

In Kotelov for Proscm *Docker, GraphQL, JavaScript, NestJS, Node.js, PostgreSQL, Redis, TypeScript*

<https://proscm.ru/>
